Good evening Vest team,

Attached is the information requested by VEST regarding parking permits issued from July 1, 2024, through June 30, 2025. The workbook includes a summary of permits sold by category, along with supporting records for the individual permit types and related programs.

Please accept my apologies for the delay. Additional time was needed to compile, review, and validate the records across the various permit categories to ensure the information provided was complete and accurate.

Please let me know if VEST needs any clarification or additional information.

Best,

Clement and TAPS Team

Clement O. Stokes
